Additional Comments:

This report and the findings contained herein are provided solely to the addressee and may not be used or relied upon by any other person or entity without the express written consent of Bell Equine Surgery and Lameness. The interpretation of radiographs and findings may vary with the examiner, the type of examination requested, method of examination and a horse's changing condition. This is a report of the undersigned's findings, based on the type of examination requested by the addressee, on the date indicated. This report is limited to the findings contained herein and no other findings or opinions should be inferred beyond those expressly set forth herein. This report does not constitute a warranty or guarantee of any kind. This report is for submission where applicable to repositories established by conditions of sale at public auction. It is not intended or authorized to be provided to prospective purchasers at auction outside of the repository and such use is expressly prohibited. In the event of the use of this report in violation of the provisions hereof, the addressee hereby indemnifies and holds harmless Bell Equine Surgery and Lameness and its employees from any and all claims or damages resulting from such use, including their reasonable attorney's fees.
